

# Crete Transflo Mobile+

**Introduction:** The following document will instruct internal customers on how to download and register the custom Crete Transflo Mobile+ Application on a mobile device.

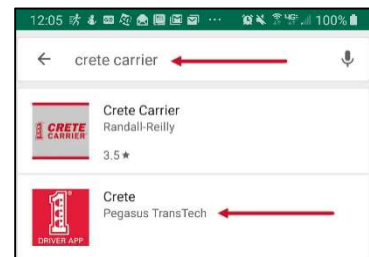

**Attention:** Driver short code is required to complete this process. If a Gmail account is used to register, add [tfxhelp@transflo.com](mailto:tfxhelp@transflo.com) to Gmail contacts to avoid it going to junk mail.

## 1. Download

- Using a mobile device, open the app store.
  - Google Play for Android or the App Store for iPhone

- Type Crete Carrier into the search bar and select the Crete Driver App (image right).
- Install the application, the app will download and an icon will appear on the phone that looks like this:

- Now that the app is downloaded, select the app to begin the registration process.

## 2. Registration

- Follow the on-screen registration process.
  - Note: Allow or accept any application requests throughout the registration process
  - Select Company Crete (Crete/Shaffer) or Hunt
  - Select Agree to the end user license agreement
  - Enter a valid email address, first/last name, and phone number then press 'Next'
  - Enter Driver ID (short code), Pin # (last four digits of SSN), and create a unique password (make sure and keep track of this information) then press 'Next'
  - Android setup will be complete, iPhone select Submit Registration
- If there are any issues logging in after setup is complete please contact your home terminal or asset manager for assistance.
